| | | |
|---|---|--------------|
| Description | Steel pins with silver head mm 26 x 0,54/0,56 | |
| Materials | Steel KOS04 | |
| Dimensions | mm 26 x diameter mm 0,54/0,56 | |
| Packaging | Carton box (PAP 21) of pcs 500 in a corrugated carton box (PAP 20) | |
| Certification | None by Third Party Certifiers. | |
| Precautions during ironing and washing | <p>Avoid ironing and washing the garment with the pins inserted. They should be mounted on stretched tissues without the presence of aqueous solutions, saline or similar substances. The warm shirt on which the steel pins are mounted must be cooled before being stored in the bag/box. It has been ascertained that, in spite of the Steel alloy, the corrosion process (rust) of the pins is determined by specific chemical substances, used for the staining of the fabrics. Shirts shipped by sea must be made without pins.</p> | |
| Storage in warehouse | Avoid humid environments and away from areas in which the ironing takes place and in which vapours are released. | |
| Environmental labelling packaging (Legislative decree 3 September 2020, n. 116) | <ol style="list-style-type: none"> 1. Pins: Steel KOS04 (FE 40) 2. Carton Box (PAP 21) 3. Corrugated cardboard box (PAP 20) 4. Tape: Polypropylene (PP 5) | |
